1. Mandatory Disclosure Statement

"The initial report scaffold, preliminary job posting impact analysis, 20 software defects details, baseline 15 physical test cases, and original QA/QC roles mindmap were initially generated by **Claude Sonnet 4.6**; I reviewed and modified Requirement 1 job descriptions/links, Requirement 2 defects fact-checks, and corrected the QA/QC roles mindmap structure, added physical edge cases TC-02, TC-06, and TC-12; the physical device testing execution results, 5 GitHub issues, and 5 unlisted execution video narrations were written and recorded entirely by me. The detailed AI Audit Report is attached as Appendix A. I confirm I did not use AI to generate any artifact listed in the prohibited category below."
